## Strategy & Vision Handbook

(Revised: May/June 2006)

# Intro to 2006 Edition of the LBC Missions Strategy

Welcome to the 2006 -2007 edition of the missions strategy. As you will see there are several things in here that are the same. There are also several things that are different.

We have several new ministries that God has raised up. They are My Fathers House, ESL, The Asian Ministry and the Messianic Jewish congregation. There are some minor things with our international ministries that we have changed. We have also edited some of the wording on some of our policies but mainly it stays the same.

One of the newer ideas I have added is a new leadership position to the mix. Based upon my study of the scriptures I see that there exist in the scriptures the idea of elders as the accepted leadership of the New Testament church. Many times people hold more to tradition than they do the New Testament when it comes church forms of government. Our job is to reflect the NT instead of tradition. While it is not imperative or commanded that we do this, there are some good benefits and wisdom to such an approach to leadership.

I will let [you read the section](#) on this new position to get a better idea of where we need to go with this. We will try it for the next few years to see if it is something that is good or a hindrance to the missions here at LBC.

There are a few other smaller changes in this document you will notice. For those serving in the LBC missions ministry I would ask that you read this fully. Please help join us in making this ministry better and one of the most effective mission ministries in the world.

## Partnership Agreement: SBC Missionary

# Nomenclature

**ABF** - Adult Bible Fellowship: This is basically what has been termed Sunday school in many churches.

**ACTS 1:8** - Youth Missions Development Program: This program was developed to train youth to understand and implement mission strategy around the world.

**CAAT** - Chadian Arab Adoption Team: This team handles all our work among our adopted people group.

**CPM** - Church Planting Movement: This is a movement of God where indigenous churches are planting like churches. It is usually exponential in growth.

**ESL** – English as a Second Language

**fdf** - Fully Devoted Follower: This is a person who is living out their commitment to Christ.

**GCC** - Great Commission Christian: This is a like-minded evangelical who is not Baptist but is a Christian with the same theological basis and goals.

**IMB** - International Missions Board: This is the mission board of the Southern Baptist Commission.

**LBC** – Liberty Baptist Church

**LMC** - Liberty Missions Center: The Mission Center located on site at Liberty Baptist Church. It serves the people of the church and others seeking to connect with missions.

**MST** – Missionary Support Team

**NAMB** - North American Mission Board: This is the board of the SBC serving North America.

**SBCV** - Southern Baptist Conservatives of Virginia: This is the state convention with which we are affiliated.

**UPG** - Unreached People Group: An Unreached People Group is a grouping of people who share the same language, culture and customs. They do not have a church in their language nor do they usually have a Bible in their language. They are people groupings that **do not have access** to the gospel. This means that outside of Christ supernaturally working they have no way to hear about Christ and how they can go to heaven. This is a key term and concept. **It is not people who have not accepted Jesus.** It is people groups who do not even know the gospel. They have not heard the gospel and rejected it; they have usually never even heard the gospel.

**WMP** – World Mission Project

# Important Foundational Concepts to Consider About Missions

One of our primary overarching concepts that we seek to adhere to with our missions ministry is the idea that *the church is the primary vehicle that God calls to DO missions.*

✚ **Dr. George W. Peters says it clearly when he states:** “It must be recognized, however, that ideally the church and not the mission sending agency as such is God’s authority and creation for sending forth missionaries”<sup>1</sup>

Some will no doubt agree whole heartedly with this statement and therefore see no need for further discussion on this issue. The reason I mention it here is because the application of this idea has played out in many different directions over the years here at LBC. Many people, both lay and staff, have divergent views on how this is applied in church missions work. Therefore there is a need to clarify some of these issues. My desire is to make sure that we are on the same page here at LBC when discussing these ideas.

**Concept:** We believe that The Church has been given the task of doing missions. The church is God’s primary vehicle for sending people and developing missions work around the world. That means the church leads out in missions work in order to reach the world with the gospel. This idea is much further reaching than the traditional concept that we are fulfilling our task as a church by simply funding missions work through various agencies. We can and do work through agencies but the key is that we do not turn our mission work over to others to do on our behalf. We do missions in addition to giving to missions.

## Clarification

### 1. Scripture used to build these ideas.

- **Matthew 16:18**
- **Acts 13:1-3**
- **Acts 15:3**
- **Acts 8:14**
- **Acts 11:22**
- **Rev. 2 & 3 :** In these passages Jesus gives His address to the churches, not anyone else. Therefore it is my opinion that Jesus holds the church responsible for the task he gave the church.

**2. Para Church Groups:** This is defined as separate organizations that do not qualify as a local church.

---

<sup>1</sup> A Biblical Theology of Missions, by Dr. George W. Peters, pg 229

- We are in favor of para church organizations that seek to work along side the local church. We do not work with those agencies who merely desire us to implement their strategy.
- We will work with some para church agencies that have a similar theology, philosophy of ministry, strategy, direction and that are seeking to reach the same goals we are.

### **3. The church will need to be a full partner in those activities that it seeks to participate in with other agencies.**

- This means that the church has a major role in developing those activities if it chooses.
- The denomination is under the church in authority, not the other way around. When we work with our denomination in mission activities we desire to be a partner not a follower of their plan. We have seen this in many of the mission groups we have worked with over the years.
- Our denominational agencies are para church agencies. They do not hold the same authority as the local church. This point needs to be very clear. Some see our denominational agencies as having veto power over the local church when it comes to missions and other denominational activities. We desire to work with our denomination, but they are not the authority over the local church. This is not biblical missions.

I hope that those reading this will hear my heart on this matter. I am very pro IMB and other agencies when it comes to missions. I am for our denominational agencies when they do a good job. I do not hold that we are loyal to those agencies no matter what they do or how good/bad they become. We have to follow God not blindly follow our denominational entities.

I am not opposed to para church agencies. I am pro local church. The local church has been given the task to do missions, yet many local churches have sought to “farm out” their missions work handing it off to para church agencies. This is not biblical missions in my view.

Can we work with para church groups? Of course we can and do. But I do not believe that the local church can hand over its missions work to others and rightfully stand before the Lord and say they did their job they were assigned.

Our primary loyalty must reside in our own local mission endeavors over that of a denominational entity or a para church agency.

For more reading on this please see George W. Peters, A Biblical Theology of Missions, Moody Press, 1972 edition.

## Key elements in the development for our missions' strategy

Over the past 5 years He has led us to develop new strategies and focus in places that have little or no access to the gospel.

**Some key elements God has laid on our hearts for this ministry includes:**

- LBC believes that [missions flows primarily from the church](#). We can and will work with agencies that do missions but only when we are a primary player in the work.
- LBC to be a [praying ministry](#) dedicated to praying for the nations (ethnos) and seeking the Lord's direction for our missions strategy. Eph 6:18-19
- A ministry that goes to those places where there is little or [no gospel witness](#). Romans 15:20-21
- A missions ministry that views missions as flowing through the local church. Acts 13:1-3
- A ministry strong [in training people](#) to do missions work. Eph. 4:11-12
- A good [resource](#) ministry that is [developing and discovering](#) usable resources for missions work.
- A ministry that promotes strong [relationships](#) with other churches.
- A ministry that [mobilizes](#) other churches and people to become full participants in missions.
- A ministry that [sends](#) well-trained disciples to the unreached areas of the world. Matt 28:19-20, I Peter 3:15
- A ministry that [networks](#) with other churches of like theologies and strategies.
- [A focused](#) ministry that does not measure how busy we are but how effective we are.

**Note:** Focus is a key. LBC missions must not fall prey to the idea that activity is the goal. Misdirected activity can cause us to do a poor job on numerous projects instead of doing a good job on those projects God has led us to participate with. We have limited resources to accomplish our goals and we desire to use them effectively. **We will be busy**, but not for the sake of **being busy or for bragging rights**. We must be diligent with strategic efforts in those areas where God is leading us. If He is not leading us to do something, then He is not in the work and we do not wish to be a part of it.

**These guidelines are not meant as rules to follow but to help us channel our efforts so that we can be effective.**

# Core Values

1. **Prayer:** We believe that God desires to allow us to be a part of His work. He brings us into that plan as we seek Him through prayer.
2. **Strategy:** We will seek to focus on those areas where the need of the gospel is the greatest. By this we are referring to places where there is little or no gospel or church within a particular people group or region. This is what we mean by strategy. A key scripture is Romans 15:20-21:

“And thus I aspired to preach the gospel, not where Christ was {already} named, so that I would not build on another man's foundation; but as it is written, “THEY WHO HAD NO NEWS OF HIM SHALL SEE, AND THEY WHO HAVE NOT HEARD SHALL UNDERSTAND.”
3. **Team and Community:** The mission efforts from Liberty Baptist needs to be accomplished through a team effort. Each team needs to be a community of believers working together to accomplish the task.
4. **Equipping/Training:** (Ephesians 4:12-13) We want to be excellent in equipping and training the body of Christ with the tools and resources necessary to do their work in reaching the world.
5. **Networking:** We believe in working together with other churches that have similar goals and strategies for the Kingdom. We see our primary network connections being strategically aligned churches.
6. **Relationship:** God works through relationships. It began with His Son and continues in our daily lives. God brings us into relationship with people of similar strategies and goals to accomplish His tasks. We desire to work with those we have a relationship with and with those sharing our goals. At the same time, a relationship does not necessitate a missions partnership.
7. **Focus:** Our goal is to be a focused Missions Ministry that concentrates our efforts and maximizes the potential for success.

We rely upon these core values to help us in our direction and strategy for missions. They have led us to our overarching goal of reaching the lost and have helped us develop many ministries working towards that goal.

## Mission Statement:

To be a **strategically focused** Missions Ministry that **trains, equips, and sends disciples** into the world to reach the lost with the good news of Jesus.

The purpose of this manual is to explain our **mission statement** in detail so that those participating in LBC missions will have an understanding of our goals and our strategy for accomplishing those goals.

1. The first section examines the **four key words** in the mission statement and supports their inclusion with scripture.
2. We then present **strategies** for incorporating the four keys into our mission activities.
3. The next section establishes our **core values**, which are used to determine what projects we should pursue, the people with whom we should work, and God's will for the general direction of our Missions Ministry.
4. The final section covers the **structure of missions at Liberty** in addition to the **expectations for those in leadership** positions.
5. Two **appendices** are included which give more detailed information on specific ministry opportunities and some policies and forms for those wishing to participate in our programs.

**We hope that this document will show you our heart for the lost and provide you with the resources to join us in reaching the world with the message of Jesus gift of salvation.**

# Section 1 Mission Statement Explanations

## **Strategic Focus: Romans 15:20-21**

“And thus I aspired to preach the gospel, not where Christ was {already} named, so that I would not build on another man's foundation; but as it is written, THEY WHO HAD NO NEWS OF HIM SHALL SEE, AND THEY WHO HAVE NOT HEARD SHALL UNDERSTAND.”

Our Missions Ministry needs to be strategically focused in areas that have the greatest need to hear the gospel. We do not wish to go where there is already a decent gospel witness or carry out a ministry that is already being done well by someone else. This can apply stateside or internationally.

## **Training: II Timothy 2:15**

“Be diligent to present yourself approved to God as a workman who does not need to be ashamed, accurately handling the word of truth.”

We desire to train people to understand why we do what we do, why we do it and how to do it. That includes the scriptures and our strategy. People who understand the whys of what we do are more effective in fulfilling the work of the Kingdom and in going into the world as disciples.

## **Equipping: Ephesians 4:12-13**

“...for the equipping of the saints for the work of service, to the building up of the body of Christ; until we all attain to the unity of the faith, and of the knowledge of the Son of God, to a mature man, to the measure of the stature which belongs to the fullness of Christ.”

This is a key statement. We desire to equip people so they are able to use their gifts to carry out the strategic missions in which we have sought to train them.

## **Sending: Matthew 28:19**

“Go therefore and make disciples of all the nations, baptizing them in the name of the Father and the Son and the Holy Spirit.”

Sending is definitely a key element that we wish to focus upon. Additionally though, the call is to make disciples. Only disciples can make disciples. So we desire to not only make disciples but to send them to make more.

# Strategy for Accomplishing the Missions Statement

## I. Strategic Focus

**#1: Prayer.** In order to fully see where God would have us go we must be in tune with what God desires from us. We also know that He is the One doing the work. Unless He works, our work is in vain. Therefore we will:

- a. Continue the once-a-month missions prayer time.
- b. Develop a stronger e-mail prayer update base for prayer updates
  - (1) Develop a network of intercessors to pray for the work here in Missions.
  - (2) Train people in prayer through conferences, classes and personal discipleship.
  - (3) Lead us in specific times of prayer and fasting.

**#2: Chadian Arabs.** We will continue our adoption of this UPG until we see a viable church planting movement among them.

(Key: We define adoption as a lifetime commitment until a CPM is begun among a people group. We work with field personnel to implement a strategy that results in a church planting movement.)

**#3: Partnerships.** We will seek to develop partnerships in those areas of the world that have the least access to the gospel.

(Key: We define partnership as a 3-5 year agreement to work with an SBC missionary within a UPG, a church plant, or region. We will consider non SBC missionaries if several criteria is met.

- a. The bulk of the money goes to the work VS support of physical needs. The reason for this is due to the fact that we give a huge sum of money to support SBC missionaries through the cooperative program (CP). To try to send more missionaries and duplicate what we already do with SBC money is repetitive and unnecessary.
- b. The missionary has a deep relationship with Liberty Baptist Church. Deep will be defined by the Minister of missions.

**Partnerships can be both international and national:**

- a. International – We will focus primarily, not exclusively, on those areas that have the least access to the gospel or are considered “closed” areas of the world. Some examples may be:
  - (1) The 10/40 Window
  - (2) Communist, Islamic, or other areas dominated by a religion or government that would exclude Christianity.

- (3) The least evangelized in other parts of the world.
  - (4) Places where gospel access is limited or very small in number.
- b. **Stateside** - We desire to go where there is no gospel or little gospel representation. Some examples could be, but are not limited to, the following:
- (1) Areas where there is a small evangelical church presence.
  - (2) Areas that have little or no gospel (The inner city, Indian reservations and the northern parts of our country are good examples of this in America).

**#4: Mobilization.** We seek to help lead other churches to become involved in missions so we can have a multiplying effect with strategic missions in the United States. Our goal within the United States is to see missions work multiplied across American churches. Examples of such work are:

- a. Helping other churches become more strategic missions churches.
- b. Offer opportunities for other churches to join with LBC in doing missions.

**We seek to work primarily with churches** as a way to effectively reach a culture with the gospel and minister to its needs. We believe that the New Testament model is to establish a viable church within a culture as a way to model Christ to that culture and penetrate the culture with the gospel. The gospel was entrusted to the church and therefore we feel it is the responsibility of the church to carry out the great commission. Key verses for this strategy are:

**Mat 16:18** "I also say to you that you are Peter, and upon this rock I will build My church; and the gates of Hades will not overpower it.

**Mat 16:19** "I will give you the keys of the kingdom of heaven; and whatever you bind on earth shall have been bound in heaven, and whatever you loose on earth shall have been loosed in heaven."

## II. Training Strategy

**#1: Train mission leaders** at LBC so they fully understand our strategy. Train all our teams so they can accomplish their tasks in accordance with our missions strategy.

*Advocacy or Partnership team Leaders;*

- Have each advocacy or partnership leader read the strategy Manual.
- Each team leader reads Church Planting Movements by David Garrison.
- Each Team leader Reads *Let the Nations Be Glad* by John Piper
- Have each team leader attend at least one conference per year for training.

**#2: Train every mission team** leaving from LBC about the following:

- a. Our missions strategy here at LBC.
- b. Teach about the Unreached Peoples of the World.
- c. Teach what God says about being blessed to be a blessing.

- d. Teach about involvement in missions at LBC year round.
- e. How:

Blue= not complete

- o Create a DVD series that trains our people.
- o Play this in training meetings.
- o Have people watch this in their homes.

**#3: Provide training opportunities** for the church at large so they can learn more about missions. Some ways we can do this:

- a. **David Garrison**
- b. **NAME workshop May 15-16**
- c. Ken Perkins June 19-22<sup>nd</sup>.

Red =Completed

**#4: Develop training** materials for our people and those outside of LBC.

- a. **Develop DVD seminar about the church and the field connections.**
- b. **Develop written materials people can use.**
- c. Create articles for people to read.

### III. Equipping Strategy

Help people who go out from our church to have the tools necessary to do their job. While we cannot guarantee everything, we hope to provide things like:

- a. Materials
- b. Web information
- c. Resource information

### IV. Sending Strategy

#### #1: Short Term Trips

**Note: Trips are not an end in and of themselves.** We view mission trips in two ways:

- a. To help with some aspect of field strategy.
- b. To cast vision for people. Our hope is that those going on a trip will see that missions is not about a one time trip but instead about a year round commitment to contact the unreached people of the world.

**When sending people on mission trips, we have three priority levels. They are as follows:**

#### **Priority #1: Our Adoption of Unreached People Groups.**

These trips support lifetime commitments of the church to see full maturity of a people. Unreached means they have no access to the gospel. There are no churches and no Bibles in their native language. Many have never heard of Jesus. These trips have priority over all others in time, money, and promotional considerations.

**Priority #2: Liberty Partnerships.** These are formal, signed partnerships that we have developed with SBC personnel around the world and nation with similar strategies of reaching the unchurched in their areas of ministry.

**Priority #3: People Related.** These are one-time trips that we do in conjunction with a missionary with no promise to go back to the same place. The goal of the trip is two fold:

- Cast vision for our people.
- Help a missionary with a one-time project.
- Helps connect our LBC people at home to our LBC people on the field.

**We use the following criteria to determine where to go and with whom to work:**

- Is this a strategic trip?
- Does it fit our strategy?
- How does this trip help LBC achieve its mission goals?
- Does it conflict with anything in our missions ministry?
- Does it support some of our people on the field?
- Is there theological agreement in beliefs between LBC and the person we are working with?
- Is it easy to work with those requesting the trip?
- Do they support the work of LBC?
- Are they flexible in their approach to the trip?

If the person requesting the trip is a church member there are some questions we need to answer before we proceed.

- Does the team leader work well with the missions ministry?
- Is the team leaders willing to submit to the leadership at LBC?
- Is the team leader will to work within our frame work?
- Is the team leader a rebel or a team player?
- Is the team leader a good worker?

**#2: Sending our people out.** We desire to see our own people go deeper into missions service wherever and whenever they can.

- a. **Full Time Ministry:** People desiring full-time ministry work is a great thing. Our advice to them is that it is best to work through the IMB or other SBC agencies.

**Reasons:**

- It is fully funded. People working within the SBC do not have to raise support.
- The IMB is as cutting edge as anyone else in mission work.

- The IMB has a major focus on unreached people groups, which is in agreement with our strategy.
- We already fund our agencies through the CP, therefore any money coming from LBC goes directly to the task and not to the support of the missionary.

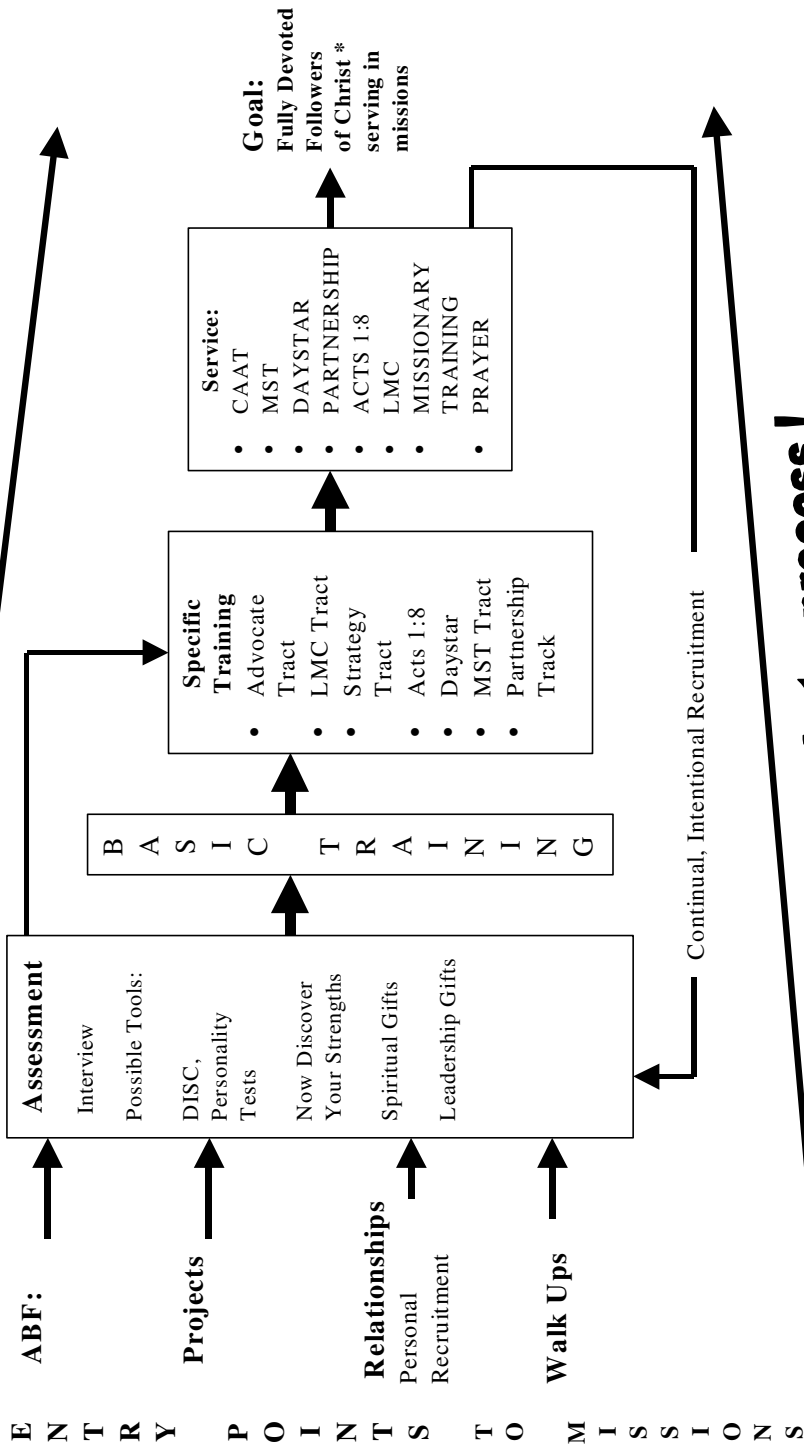

b. **Local Ministry:** We send representatives of Christ into our local community to meet physical, emotional, and spiritual needs. Meeting needs provides opportunities to share the gospel. There are several primary ways we do this.

- Mission Daystar (see Appendix a ministry that provides furniture, food, clothing and the message of Christ to the needy in our area.
- My Fathers House:
- Disaster relief:

**#3: Supporting our workers on the field.** Whether workers are local or abroad, a sufficient support base is necessary for effective ministry to take place. We will work to form **Missionary Support Teams**, and teams tasked with meeting our obligations in formal people group adoptions (see Appendix on the Chadian Arab Adoption Team).

Our strategy for accomplishing the tasks described in our mission statement has been determined by relying on a set of core values that guide all that we do. We will continue to seek God's guidance for the direction of our mission efforts by looking to these core values.

# Liberty Baptist Mission Assimilation Plan

\* We realize that just because a person is serving that they are not necessarily a FDF of Christ. Our goal in service is to help continue the process of discipleship.

**This is not an event but a process!**

# New Leadership Structures within LBC Missions Ministry

It has been my desire as a missions pastor to make sure that the leadership I provide has several key components.

1. The first of those is to make sure we are biblical in our approach to the missions work we seek to do.
2. The second, I desire this to be a work of the Holy Spirit moving through the people here at LBC.
3. Third, I pray that when I am gone the work will continue forward and is never contingent on one man.
4. The last component, That I will be a man of God not given to pride and other temptations that come in leadership positions and temptations that come with a large Baptist church. **Namely that I will not develop prideful or dictatorial compulsion that destroys the work and ruin me as a leader. I need to have men whom I am accountable to and to whom I will work with as my advisors. This is in order that I will be to see outside of myself to what is biblical and best.**

There needs to be men who are not afraid to speak the truth in a loving manner, to me and help me to see my blind spots. Given the fallen state of man it is important that I develop some things that help me not to fall as a leader.

With these components my prayer as a leader is that I be an open person willing to listen to other ideas while not compromising the work God has given us to do.

In trying to make sure that I am following God I am introducing with this strategy a new idea of leadership. I will take an idea that I believe is from scripture yet many churches have failed to implement, elders. It is my belief that the scriptures are very clear that the local church is to have elders who have watch care over the church. Besides being the mandate from scripture this idea has several benefits for the church. I think there are benefits to the mission's ministry also.

## **The creation of a missions elder board to advise me as the missions pastor.**

The people serving in this leadership position will:

1. Help offer accountability to me as a leader in the church.
2. Advise me as to the status and continuance of the missions vision.
3. Listen to new ideas and give advice as to whether LBC should go in a particular direction or allow new mission projects to proceed.
4. Help evaluate any new plans or strategies.
5. Help encourage others in the missions ministry.

The men serving on this board should be :

- Men full of the Holy Spirit
- Men who are not ambitious or seeking after fame.
- Men who are mature in their faith.
- Men who understand missions.
- Men who will humble themselves.
- Men not given to critical spirits.
- Men who are open to new ideas.
- Men who have a daily walk with God.

Diagram drawing depicting LBC mission structures

We choose to illustrate our structure through the diagram above because it reveals our desire to create a missions team that works together to reach the lost. No one person or team is more important than any other. All the different ministries have their own primary focus, but they interact with each other whenever possible in order to further the spread of the gospel. The green background represents the covering of prayer and fasting as we seek the Lord to discern His will. We need to clarify that having teams does not mean we reach a consensus on everything or have a lack of leadership by the

team leaders. It means that the teams and leaders come to decisions based on God's leading, mission priorities, dialogue from the team members, and in conjunction with church direction. There will be times when leaders have to set parameters and make decisions without the consensus of the team. We believe in leadership and exercising that leadership.

That is not to be confused with dictatorship. Good leaders will work with their teams and lead them to come to the right and proper decisions. God works through the team and the leaders.

Within those boundaries there is room for many people to contribute ideas and participate in the work. This is not a one man show but instead a team that seeks to bring glory to God through their work on this team.

# Team Leadership

## General Expectations

1. Each team leader needs to be a member of Liberty Baptist and have regular attendance at church. Regular attendance is defined as an average of 3 times a month over a years period.
2. Leaders need to be in agreement with the church theology.
3. Leaders need to support the church financially.
4. Leaders need to maintain high morals in accordance with Christian teachings.

### Expectations:

1. **We ask that leaders not spread themselves too thin with various ministries around the church and beyond. Remember—a lot of activity can cause us to do a poor job on many projects.**
2. We ask that each leader agree with the vision and direction of the missions ministry.
3. Each leader is asked to meet with their team each month to:
  - a. Review the status of current projects and ministry.
  - b. Make sure the team is on track with the direction and vision of the ministry.
  - c. See what needs to be done prior to the next meeting.
  - d. See what help may be needed to carry out the tasks.
4. This leader is asked to meet at least once a month with those they are leading to:
  - a. Pray for their work as a team and seek God.
  - b. Help assure tasks are completed.
  - c. See what needs to be done next.
  - d. Discuss new and better ideas.
  - e. Cast vision for the team.

5. We ask that each team leader be diligent about their work. Many Christians view volunteering at the church as something they do in their spare time when nothing else comes up. The other extreme is they take on so many church projects that they do none of them well. Our view of church involvement is much different. We see each person as a minister accountable not only to earthly leaders but also to God. Our mission here at Liberty Baptist is of the utmost importance. The longer we delay in doing our task, the greater the number of people entering eternity without Christ.
6. We ask that attitudes be positive and reflect a team spirit. This does not mean one cannot disagree with a leader in a respectful and mature way. We want different ideas and feedback; we also want unity. Once a team decides the direction, we ask that each member not undermine the work of the team.
7. Each leader will be asked to commit for at least one year.
8. Our hope is that each person evaluates his or her skills carefully. Our goal is to have the right person in the right position. This will help each leader to be fulfilled and effective in their task.
9. Each team leader will be asked to develop a plan of action for their ministry for the coming year.
10. Each team leader will be responsible for developing the budget with their entire team.

### Acts 1:8 (Missionary Development Program for youth currently on suspension and review)

#### The Vision

The vision of the Missionary Development Program is designed to lift up and train students who have a passion for missions. Acts 1:8 instills important principles in their lives so that whether they become missionaries or work as laymen in the church, they can be effective missions leaders.

We also desire to train these students to be effective in winning souls while mobilizing others to help in their task. We aim to provide them with a working knowledge of what it takes to be a missionary and how they can reach these people with the gospel.

#### Mission Statement

(Local Ministry)

**1John 3:17: But whoever has the world's goods, and sees his brother in need and closes his heart against him, how does the love of God abide in him?**

**Mission Daystar** is an “all volunteer” ministry of Liberty Baptist Church. This ministry is conducted with the cooperation of over 100 churches and over 75 agencies.

**Goal:** Mission Daystar’s goal is to share the love of Christ by meeting the physical needs of the community around us. We meet these needs by collecting donated furniture, dishes, linens, appliances, toys and other items and distributing them to those who have little or nothing. By reaching out and meeting these physical needs, doors open so the Gospel can be shared. Mission Daystar relies totally on God’s provision to meet these needs. It is only through Him that we can reach our community's physical and spiritual needs.

Mission Daystar is open on most Thursdays and Saturdays from 9:30-11:30 AM. Check the [www.libertymissions.com](http://www.libertymissions.com) web site for closure dates.

**Activities:** To help people with repairs to their homes who cannot afford those repairs themselves.

Primary objective is among people who might not have heard about Jesus (mission trips). Secondary objective is among local people (Hampton, NN, Wbg, Poquoson, etc. w/n 25 miles of LBC), regardless of evangelism, i.e. widows of LBC.

### Who qualifies for LBC IMFH project?

At present we are only working with church members. The reason is simple in that the current goal of this ministry to care for those in our body who cannot care for themselves. This is base solely at present on finances. Those we are targeting at present are:

- Low income Church members
- Fixed income Church members

### How would the process operate?

- Team leader receives a request; decides to continue or dismiss the request.
- MFH leader evaluates
  - MFH capability

- Estimate materials cost
- Workers available
- Scheduling
  
- MFH leader returns evaluation and recommendation to Minister of Missions.
  
- Minister of Missions approves the project. MFH leader executes project.
  - Minister of Missions coordinates with Minister of Evangelism

#### Definition and scope of projects

- a. Projects should be short term (1 to 2 weeks; 40 to 80 hours per person).
- b. Projects should not require contractors outside MFH capabilities.
- c. Projects should not place MFH workers in high risk conditions (high, steep roofs; high trees, etc.).

Application for My Fathers House is in the Forms and Policy section

# Missionary Support Team

“You will do well to send them on their way in a manner worthy of God. For they went out for the sake of the Name, accepting nothing from the Gentiles. Therefore we ought to support such ones, that we may be fellow workers with the truth.” 3 John 6b-8

In recent years Liberty Baptist Church has been trying to learn what it means to be a sending church, one that sends our missionaries out in a manner worthy of God because they are going out for the sake of the Name. They are going out to champion the Name of God in places where God’s name is unknown or horribly neglected. If we love God’s glory and His Name, then we will love to see the fame of His Name spread to every unreached people. Therefore, those of us who stay behind will seriously and substantially support those who go out from us for the sake of the Name. The reason we are staying behind is also for the sake of the Name, not for the sake of comfort, convenience, money or any other private ambitions.

To that end the Missions Ministry requires that all missionaries, both short-term (six months or less) and career, have a Liberty Baptist Church based Missionary Support Team. In this way we hope to more fully meet the needs of our missionaries and to be active, fellow workers with them in the truth.

### **What is a Support Team?**

A support team is a small group (4-8) of committed people who come together to care for their missionary in a variety of ways, striving to help meet their physical, emotional and spiritual needs. It is a group of people with whom the missionary can be open and honest, allowing them to see his needs and share his successes and defeats.

### **Why have a Support Team?**

Support teams help to make our missionaries feel understood. By providing them with a committed group of people who will show them practical love, support teams keep them visible before the rest of the Liberty Baptist Church family and strengthened on the missions field.

### **What does a Support Team do?**

The specific ways in which a support team goes about meeting their missionary’s needs will vary depending on the specific personality and needs of the missionary, as well as the personality (creativity) of the support team. Ask your missionary how you can best assist him; learn from the example of other teams; be creative; pray about it.

This doesn’t mean that the support team does everything, but they do take personal responsibility to serve as that missionary’s advocate at Liberty Baptist Church.

**Therefore, we ask that each Missionary Support Team make a commitment to:**

1. Being on the team for at least one year or preferably one mission term. (Our preference is to see people with a passion doing this for as long as God gives passion)
2. Meet together on a monthly basis.
3. PRAY for your missionary individually as well as corporately.
4. Correspond regularly with your missionary.
5. Work to create an atmosphere where your missionary feels safe and comfortable to share about themselves personally with the team – keeping confidential concerns confidential.
6. Be available to provide practical care for your missionary.

**One goal for MST teams is to make sure our church knows about your missionaries. This can be done in several ways.**

1. Maintain a newsletter for the missions personnel.
2. Maintain a web page (Not level 3 countries) for the people group the missionary serves.
3. Help to develop a prayer team that is intentional about praying corporately for their missionary .
4. Use the mission center to highlight a missionary for a 2 week period.
5. Have a time when people can come to the missions center to write the missionary.
6. Have the children come on a Wednesday night to learn about our missionaries.
7. Do a missions moment now and then to highlight a missionary.
8. Make a call at the beginning of the service to our missionary for a mission moment.
9. Play a video for a missions moment from a recent trip.
10. Share a story of what God is doing among the ministry in video format to the church.

Various support teams have organized themselves differently. Many support teams have found it helpful to have the following roles assigned to various people on the team, leaving other members of the team open to volunteer for other specific, occasional duties.

**Possible Support Team Roles:**

1. Church Contact Person. If LBC needs information about a missionary or if they need to organize a support team's involvement in LBC activities (Annual Missions Conference, monthly missionary displays, Missions Corner articles

- for the church newsletter...), they will contact this individual on the missionary's support team.
2. Team Organizer. Many support teams have found it helpful to have someone on the team organize a number of details that will assist the team to better support their missionary. These include keeping track of missionary prayer requests and answers, keeping track of money given by team members for LBC sermon tapes or other gifts, making up a calendar of team member letter writing assignments, etc.
  3. Communications Person. In case of emergency, it may be helpful for the support team to be organized into an information chain with a contact person at the head of the list. If anyone on the team hears of an emergency that their missionary is facing, they should contact that individual so that information can be passed on quickly and accurately.
  4. Prayer coordinator
  5. Strategy planner
  6. Web person
  7. E-mail list coordinator

It may be helpful to divide the work further by assigning each specific role (care package, meeting snacks, sermon tapes, missionary displays, article writer, etc.) to one person on the team to clearly identify who has the responsibility to accomplish the task.

### **How are Support Teams formed?**

Whenever possible, members of a support team are prayerfully chosen by the individual missionary. Some missionaries ask friends from their small groups, Adult Bible Fellowship classes, choir, various ministry involvements, etc. to come together to form their support team. Others have asked the small group that they're involved in to also function as their support team. Everyone on the team does not have to be from Liberty, but the majority should be and the designated leader must be. The key for the missionary is to choose people with whom they have already established a level of trust and with whom they can be "real." Also, leadership and team "gathering" ability are important.

### **Why does Liberty Baptist Church desire to have Support Teams?**

Missionaries don't go out for adventure; they don't go out for material profit; they don't go out for prestige; nor do they go out merely for humanitarian purposes; they do go out for the sake of the **Name**. We want the missionaries that we financially support to deeply feel that they are genuinely cared for, that they are more than just names on the back of our worship bulletins, and that they are more than just line items in our budget.

Liberty doesn't want to "have" missionaries, but we want to "send" missionaries in a manner worthy of the **Name of Christ**. How can this happen? In the future, LBC will be sending out great numbers of people into the fields. Their support and care cannot be undertaken by the Associate Pastor of Missions or the missions team alone. Therefore, we hope to enlist the help of many of the LBC family. Missionary Support Teams will prove themselves to be an essential part of the missions enterprise at LBC and that is why the Missions Team requires every missionary sent from LBC to have a missionary support team.

### **Practical Ideas for Caring for Your Missionary**

Before they go:

11. Pray earnestly for them.
12. Help them to find information about the country they are going to and the people they will be working among by going to the library, reading missions periodicals, keeping an eye out for articles in the daily paper.
13. Be available for them. Encourage them as their emotions vary just before they go.
14. Help them find information on needed equipment by reading Consumer Report articles, discussing with others, etc.
15. Ask them about what they are learning as God takes them down the path that will lead them to a foreign country.
16. Help them to get all the supplies that they need to take with them overseas. You can help them by running errands or offering to take care of their children so that they can more easily run errands.
17. Send out e-mail updates.
18. Drop dinner off at their house their last few nights so that they can concentrate on accomplishing those last few tasks.
19. Offer to have them stay with you if they need a place just before they leave.
20. Help them pack the items they'll store here in the U.S., as well as the items they'll take with them or ship.
21. Treat them to something special just before they go.
22. Have an open house before they leave so they can say good-bye to many of their friends.
23. Host a reception for them at LBC.
24. Write a Missions Corner article for the Liberty Light, letting the church know what your missionaries are up to and how to pray for them.

**While they are gone:**

1. Pray earnestly for them.
2. Write to your missionary often.
3. Keep up to date with what your missionary is doing so you can encourage them in the work and share their work with the LBC family.

4. Remember their birthdays, holidays, and other special days with a card, gift, FAX, or telephone call.
5. Write an article for the Missions Newsletter or web site.
6. Send an E-mail to them occasionally so they have current, up-to-date information on their team.
7. Pass on any special prayer requests to the church office so that the Pastoral Care Staff knows how to pray and so that it can be shared during the regularly scheduled LBC prayer meeting times.
8. Send fun “care packages” occasionally to encourage your missionary or to help meet some of their needs.
9. Send your missionary the LBC Sunday morning sermon tapes so that they can continue to learn from the church and feel more a part of the body (send the complete worship service!)
10. Send your missionary articles of special interest out of the newspaper or magazines.
11. Give your missionary a subscription to a magazine like Time or Newsweek (if they can get it) so that they can keep up with what is happening in the U.S.
12. Share your prayer requests and concerns with your missionary; they want to pray for you.
13. **Consider visiting your missionary in the field.**
14. Send them a good book you’ve especially appreciated.
15. Send them a note to remind them you’re praying.
16. Help to take care of your missionary’s home while they are away.
17. Send a “day brightener” that will fit into an envelop with your letter to them (e.g. herbal tea bags, perfume samples, bookmarks, a recipe, a cartoon, a seasoning or soup packets, hair ribbons, fancy shoe laces, stickers, baseball cards, sticks of gum, etc.)

### **When they return:**

1. Pray earnestly for them.
2. Be at the airport to welcome them back home.
3. Host an open house so that they can see and update their friends.
4. Help them to organize a time where they can update the body.
5. Praise the Lord with them for how God used them overseas.
6. Be available to help them adjust to life in the U.S.
7. Have housing ready for them when they arrive home.
8. Have a few groceries for them in their refrigerator and cupboards so that they don’t have to go shopping right away.
9. Help them to find a car to borrow during their furlough time.
10. Give them a special night out or some other special treat.
11. Help them to catch up with what is current, what’s in and what’s out.
12. Bring dinner by their house for the first few days.
13. Introduce them to new people at LBC.
14. Help them to get caught up on the latest happenings here at LBC.
15. Listen to them; be available.

16. Give them space.
17. A month before they return, begin keeping a calendar for them, scheduling times when people can meet them

## Appendix A.9. **Partnerships**

**Overview:** Partnerships are a way to carry out the LBC strategy of working in strategic places without having to commit to a lifetime of work in that area. Our goal with partnerships will be to work with a people group, a church, or with a project for a specified length of time. The difference between adoption and partnership is the amount of time we give to the work. Adoption is until a CPM has begun in a people group. Partnership is for a specified amount of time no matter what the results are at the end of the time frame.

### **Benefits to Partnerships**

1. It allows Liberty Baptist to work in strategic areas of the world for a specific time period.
2. It allows our people to take part in reaching an unreached people group or working in an area where there is little gospel witness.
3. It lays out the expectations ahead of time so that both parties can know what to expect.
4. It allows us to evaluate our work in an area or with a missionary. From that evaluation we can choose to extend the work or move to a better partnership.

### **Current Partnerships**

1. Ishlyhain Berbers of Morocco
2. Alawites of Syria
3. Navajo Indians around Gallup, New Mexico
4. History Church of Reston, Virginia.

## Ishilhayn Berber or Morocco Partnership

**Overview:** In August of 2003 Liberty Baptist signed an official agreement with field personnel to work in reaching the Ishilhayn Berbers of Morocco. This agreement is for a period of 3 years.

The strategy and projects that we will seek to accomplish will depend upon field personnel and their current work in Morocco. Some of those ideas are listed below under activities.

**Mission Statement:** Liberty Baptist Church desires to do all that is within our power to help see a CPM begin among the Ishilhayn Berbers of Morocco.

**Goal:** To partner with the field personnel for a period of 3 years to help implement a strategy that results in a church planting movement (CPM) among the Ishilhayn Berbers.

**Team Leader:** Leonard Hobbs

**Activities:** Some of the things that the team is currently reviewing are:

1. Trips to cast vision for others among this people group
2. A strategy that involves teaching business to the Berbers so they can begin their own businesses in Morocco.
3. ESL business focused classes to help them learn the International Business language.
4. Development of more stateside advocates to assist in the work.

# Alawite People of Syria

**Overview:** In January of 2004 LBC signed an agreement with field personnel to try and reach the Alawite people of Syria. The Alawites are a Muslim group of about 1.5 million people who are totally unreached. They are considered outcasts or liberal by many of the more prominent Muslim groups in Syria and Lebanon. Yet by law they are leaders in the government.

They are very open to westerners, which makes this a prime candidate for us to focus upon.

**Mission Statement:** Liberty Baptist Church desires to do all that is within our power to help see a CPM begin among the Alawites of Syria.

**Goal:** To partner with the field personnel for a period of 3 years to help implement a strategy that results in a CPM among the Alawites of Syria and mobilization of churches in the USA.

**Team Leader:** David Smith

**Activities:** Some of the things that the team is currently reviewing are:

1. Prayer Networks
2. Trips to cast vision for others among this people group
3. Stateside Alawite conference

# Navajo Indians of Gallup New Mexico

**Overview:** For the past few years LBC has taken trips to work with the Indian population of New Mexico. In April 2004 a partnership was established. This past year a passion arose from some of those in that group to see a deeper involvement.

This partnership allows us to have an impact on some work right here in America among America's least reached people.

**Mission Statement:** Liberty Baptist Church desires to do all that is within our power to help see a strong viable church begin among the Navajo Indians in Gallup, New Mexico.

**Goal: To work with people on the field to see a CPM begin among the Navajo Indians of New Mexico.**

**Team Leader:** Joe Hunt

**Activities:** Some of the things that the team is currently reviewing are:

1. Prayer Networks
2. Trips to cast vision for others among this people group
- 3. Stateside advocacy**
- 4. Web Site**
- 5. Mobilization of Others**

4. The director will help in making the center a resource for those desiring to learn more about missions.

## Appendix A.11

### ABF Missions Coordinator

Note: ABF is our small group ministry at LBC

#### Coordinator:

LBC continues to struggle in finding ways to help our people learn about the missions vision at LBC. Additionally while LBC people are gracious in giving to missions, not most people do not participate in missions. The reality is that many at LBC do not fully understand strategic mission work. They see missions as either about trips or about helping foreign, poor people. While it includes both of these elements( Poor and foreign) this is not missions. Strategic missions goes deeper than taking trips to help foreign poor people.

In the Church calendar year (2003- 2004) the missions ministry has developed a way that we hope will help solve our communication problem and help our people understand strategic missions. We have designed a volunteer position in our ABF classes called the ABF missions director. This position was developed to help our people in ABF classes be better informed our what is going on in missions and to be able to help move our missions strategy forward.

With the beginning of this new ABF position, we have discovered the need of a coordinator to lead the ABF mission directors.

**Purpose:** The ABF Missions Coordinator position is for the purpose of building up and coordinating all the ABF mission directors within LBC. Some of the things we are asking of this position are to:

1. Connect with ABF directors to make sure they are well trained about our strategy.
2. Help inform the ABF directors what is going on as far as:
  - a. Trips
  - b. Adoption with the CA people
  - c. Partnerships
  - d. Missionaries
  - e. Daystar
  - f. Church Planting
3. Finds ways to help classes be involved in the strategy of LBC
  - a. New team members for the teams
  - b. Ways that people can do projects individually and as a class
  - c. Look for long term parts of the strategy to adopt

- i. Example: Adopting one of our missionaries and working with the MST to encourage them.
4. Work with classes that have no ABF director to develop one for their class.
5. Develop feedback loops for the various classes.

## Messianic Congregation

**Overview:** In keeping with our goal of reaching some of the least reached peoples of our world we seek to sponsor and work with those in our church who are achieving those goals. # Missions Policy for Para Church Organizations

Para Church organizations desiring support from Liberty Baptist Church need to meet the following criteria:

1. The ministry of that Para church must be in theological agreement with that of LBC. Some (not all) of the basics are:
  - A conservative evangelical theology adhering to the basic tenets of the faith.
  - A belief in the inerrancy of Scripture.
  - A belief that salvation is only through Jesus Christ.
  - A strong emphasis on evangelism, missions, and discipleship.
  - A biblical view of the local church. What we mean by that is that God has established the Church as a community entrusted with the gospel, which it voices to a lost world. By church we mean the established corporate body of believers that gather together on a regular basis and employ a form of church government, ministry, gifting, and discipline. While individual Christians make up the church universal, this is not what we refer to as the local church.
  - A strong emphasis on developing the local church and connecting converts to a body of believers.
2. There are some cases where an ongoing relationship is developed. In order for LBC to work with a Para church organization there needs to be a contact person within Liberty Baptist for that Para church. There are several criteria we ask of each contact:
  - This person should be an active member of LBC.
  - This person will act as the contact person for the Para church organization with the Associate Pastor of Missions at LBC.
  - This person will be responsible for handling and developing all the ministry information and materials and will coordinate efforts between LBC and this Para church ministry.
  - The contact person must be willing and able to comply with all the policies and goals of LBC.
3. The Para church ministry should be a standard 501 C3 non-profit organization.
4. The Para church organization would have the view that this is a two-way partnership.
5. LBC strategies, trips, and programs have priority over all Para church organizations outside of the LBC umbrella in advertising, web space, announcement space and any other area of potential conflict.

6. Para church organizations or individuals will not be allowed to solicit funds directly from Liberty Baptist Church members in any LBC literature, in LBC church services, or in Adult Bible Fellowship Classes.
  - a. Reason: LBC operates in a unified budget format. That is when we partner with people we seek to support them form our mission's budget.
  - b. This allows that the mission's people will not lack in their mission funding and allows us to keep request for funds to a minimum within our church.

### **Missions Policy for Individuals Seeking LBC Funds Support**

With such a large Missions Ministry at Liberty Baptist, we have many that request funds for support. While we are sure that there are many good ministries, we cannot support everyone that asks. Therefore these guidelines are not meant to exclude people but they are meant to provide focus and direction to where our ministry can most wisely use the money God supplies.

Guidelines:

- a) 1. There needs to be a direct connection between the person seeking support and LBC before we will consider supporting them financially. A direct connection requires that the person has been a member (not just an attendee) in good standing for 18 months prior to support being given.
2. The ministry must be in agreement with the LBC missions strategy as defined by the Pastor, Sr. Associate Pastor, and the Associate Pastor of Missions.
3. The theology of the person and the organization they work through must be consistent with that of LBC. Some (not all) of the basics are:
  - A conservative evangelical theology adhering to the basic tenets of the faith.
  - A belief in the inerrancy of Scripture.
  - A belief that salvation is only through Jesus Christ.
  - A strong emphasis on evangelism, missions, and discipleship.
  - A biblical view of the local church. What we mean by that is that God has established the Church as a community entrusted with the gospel, which it voices to a lost world. By church we mean the established corporate body of believers that gather together on a regular basis and employ a form of church government, ministry, gifting, and discipline. While individual Christians make up the church, this is not what we refer to as the church.
  - A strong emphasis on developing the local church and connecting converts to a body of believers.
4. The person must be of strong character and have the reference of at least one pastor of Liberty Baptist Church.
5. Once a person being supported by LBC leaves the church they will receive support from LBC for 2 years following their departure. This applies to stateside people only. International workers are dealt with on a case-by-case basis as long as they are still members of LBC and their strategy is current with LBC strategy.

The church will decrease funding according to the following guidelines:

- a) The first year after they are gone they will receive 67% of what they were receiving.

Example: If they leave in January of a calendar year their 67% begins in January the following year.

- b) The second year they will receive 33% of the original support.
- c) The third year will be the first year they receive no support from Liberty Baptist.

**Note:** The Missions Committee reserves the right to terminate funding at any time during the process.

**Reasons:** We believe that those who move their membership to another church within the states need to bring their new home church into their ministry. Additionally, if we continue to keep those, who go out from us, on the list, we can spread the money very thin, which affects our missions ministry.

- 6. The ministry that the individual is seeking to work with must be a reputable 501 C3 organization with a strong conservative theology and must meet the approval of the Associate Pastor of Missions.
- 7. LBC reserves the right to refuse support at any time.
- 8. Failure to use the support money in the way presented to the Missions Committee can result in termination of support.
- 9. Para church organizations or individuals will not be permitted to solicit funds from Liberty Baptist members in any Liberty Baptist Church literature, in LBC church services, or in the Adult Bible Fellowship Classes.

It is important to note that para church's and individuals who have access to LBC people understand it is a privilege and not a right. Therefore we pray that an open and humble relationship will be maintained with mutual respect. This means we respect the person and the organization in the calling God gives each individual.

### **Requesting LBC Missions Trip Sponsorship**

Many times church members have a place in the world that they want to go on a missions trip. We applaud their heart for God and listening to HIM. At times some will also desire to make the trip a Liberty sponsored trip. Sponsorship can include publicity or financial support. We fully encourage people to go where God leads them. While individuals may be called to a certain place we do not believe this obligates Liberty Baptist to sponsor that trip. There are issues and ideas to understand before we agree to sponsor a trip.

1. The trip must to be in agreement with Liberty's overall missions strategy objectives for trips.
2. The trip needs to not interfere with other trips already being developed by LBC. The Associate Pastor of Missions in conjunction with the Missions Leadership Team decides what interferes and what does not.
3. The person requesting the trip needs to be willing to come under the leadership of the Missions Ministry in planning the trip and follow established guidelines (see below).
4. We ask that the team leader work together with the Missions Ministry.
5. If the trip involves another ministry, such as Children's Ministry or Youth or Singles, that ministry leader must be in full agreement with the trip.

Therefore we would ask each person making the request to read the following guidelines and agree to them.

1. The Liberty training manual will be used in training the team for the trip.
2. All LBC financial policies are in effect with no variations.
3. The Missions Ministry will make the flight reservations. The team leader may make requests, but the Missions Ministry will make the reservations through LBC channels.
4. Other reservations will be discussed on a trip-by-trip basis.
5. There must be a missionary on the field that will be working with our team.
6. That missionary must have theology that is in agreement with that of Liberty Baptist Church.
7. The purpose of the trip must be clearly defined.
8. The trip needs to be fully self-supporting.

## Appendix B.6 Partnership Agreement with An SBC Missionary

This partnership agreement is between Liberty Baptist Church of Hampton, Virginia and \_\_\_\_\_ (missionary) of \_\_\_\_\_ (Country/City) working with the \_\_\_\_\_ (People Group, if applicable).

**How Liberty Baptist Church views a partnership agreement.** At Liberty Baptist a partnership is defined as an agreement between the church and field personnel to work together to make disciples for a period of 3-5 years. A partnership is NOT an adoption. We define those as separate terms with different meanings. Adoption is a lifetime commitment until full maturity of a people group is reached. Partnership is short term in nature and will be terminated based on several conditions listed below.

**Why have a partnership agreement?** Our desire at Liberty Baptist in having a partnership agreement is to take a more strategic role in helping bring about a church planting movement among the unreached people groups or to help a stateside church come to the point where they can better “walk” without needing outside church support. A partnership agreement can help in several ways:

1. It helps both parties know what to expect during the partnership.
2. It sets the boundaries for that partnership.
3. It helps us communicate clearly what we will commit to do and what the field person/team commits to do.
4. It helps both parties to work toward a goal.
5. It helps us be more strategic in our efforts.
6. It helps us to be more focused in what we do with this project.

### Terms of the Agreement

1. Liberty Baptist Church agrees to work for a period of \_\_\_\_\_ years with the \_\_\_\_\_ people group of \_\_\_\_\_ (Country) and \_\_\_\_\_ (missionary).
2. This agreement will only be valid as long as \_\_\_\_\_ (Missionary/Pastor/Worker is on the field and working with the above mentioned UPG or church and Liberty Baptist). When the person mentioned above leaves the field, the terms of this agreement may be voided by LBC.
3. This agreement is valid only as long as the missionary is associated with the International Mission Board of the SBC or with the original organization he/she was with when the agreement was signed.

4. Liberty Baptist Agrees to do the following:

- a. To budget money for this project based on the following scale.
  - i. First Year \_\_\_\_\_
  - ii. Second Year \_\_\_\_\_
  - iii. Third Year \_\_\_\_\_

The disbursement of budgeted monies must have the agreement of the Advocate Team Leader, the Associate Pastor of Missions, and the Senior Associate Pastor.

- b. To work with the field person to come up with a strategy for LBC to accomplish that fits within the budget guidelines and the strategy of the field person.
  - c. **Note:** In the event of a budget shortage, available money may be lower. The disbursement of all missions monies in this project is decided upon by the Associate Pastor of Missions in conjunction with the Senior Associate Pastor and the Director of Finances.
5. The Team Leader for Liberty Baptist will be \_\_\_\_\_.  
If a team leader steps down prior to the end of this agreement, the Associate Pastor of Missions will appoint a new team leader.
6. In developing a strategy, we understand that the field person must approve any strategy developed by LBC for their work.
7. The advocate team of Liberty Baptist or the missionary may not solicit funds from LBC members for this project. Funds will come through Liberty budget or outside sources other than LBC.
8. The missionary agrees to not circumvent the relationship by soliciting funds from individuals that will come on trips from LBC.
